

Huma Connect 1

Huma Connect 1 may promote the uptake of micronutrients.

NOT A PLANT FOOD INGREDIENT

4.0% Humic Acid

Derived from Leonardite

Apply to all crops at 1/2 to 10 gallons per acre per season. However rates and frequency may vary due to soil and climate conditions. May be applied with other products or alone.

Huma Connect 1 may be applied through conventional methods but is not limited to foliar sprays, soil application, water run, shanking in or hydroponic methods.

Contact AGCONNECT before applying to obtain specific recommendations for using this product. Since weather, crops, soil and other conditions may vary, always check compatibility with other products prior to use.

Mix well by agitating vigorously for at least 30 seconds and then visually observe for precipitate.

Application Recommendations

CAUTION: Keep out of the reach of children. Avoid contact with skin, eyes or clothing. In case of contact, immediately flush skin or eyes with plenty of fresh, clean water for at least 15 minutes. Always refer to the MSDS for proper handling instructions. AGCONNECT makes no warranty, guarantee or representation of any kind, expressed or implied, concerning the use of this product. The user assumes all risk and liability for the use, handling and storage of this product whether or not it is used according to directions or recommendations.
